

Newsletter May 2007

In this newsletter info about new blokart products; the disc-brake and new helmets. Also info on events like the blokart raid trough the Gobi-desert, the America's Cup and a superb article in Top Gear-magazine about a race between a blokart and the Volvo XC90. Finally the Race-calendar to plan your trips. Lots of reading pleasure!

Disc-brake for the blokart!

Since january a discbrake for the blokart is available. It is fitted to the fork and the front wheel. The use is exactly as on a bike with a hand-brake on the handle bar; easy! From today all blokart Sport's and Pro's (not the Classics) are fitted with the new fork. For new blokarts all you need is the discbrake (€130,00). If you already own a blokart (with the old fork or wheel) you order the discbrake including the fork (€ 279,50). In case the rim of your blokart differs from the image you'll have to order a new rim (€24,-).

blokart helmet

As we all know; blokarting is fun, fast and exciting; to make it safer blokart introduces a new helmet. It's available for adults and kids. Through a twisting mechanism on the backside of the helmet it's possible to adjust the helmet to your head for optimal comfort. Sufficient ventilation prevents you from overheating, your goggles are fixed on the back through a little clip and your ears are protected. To go short; it's the perfect helmet to keep your brain safe.

blokart raid through de GOBI desert in Mongolië

Early May a small group of enthusiastic blokarters from around the globe travel to the Gobi-desert in Mongolia. Accompanied by Mongolian guides and interpreters in jeeps, this spectaculair raid will start in the city of Mandalgovi. The blokarts are adjusted to fulfill the exceptional needs of these adventurous blokarters to conquer the rough terrain. The goal is to ride 4 to 6 hours a day with an average speed of 40km. That way they will be able to cover 2000km in 7 to 8 consecutive days! The participants will sleep in little villages, tents from locals or with indigenous nomads. Follow the raid on: www.gobiblokartraid.com

America's Cup

This year the city of Valencia is the home base of the America's Cup; one of the biggest sail-events in the world. During the event; from april 15th through july 8th, anyone interrested can ride a blokart on the asphalt circuit in the centre of the America's Cup Parc. At the scene 15 special "Santander" blokarts are ready to go, a team of 3 instructors are permanently on the circuit to assist all new blokart riders. More information can be found on: www.americascup.com.

blokart in Top Gear Magazine! (Dutch edition)

In this month's issue of Top Gear Magazine, a great article of 7 pages is dedicated to blokart and the Volvo XC90. On the Dutch beach of Wijk aan Zee the challenge between the two vehicles took place. Michiel Romijn (Dutch VIP) took place behind the wheel of the blokart and the Volvo to try out both their specific features.
